## How to Register

**Registration Packages** Each column is a registration package. Choose convention and expo, expo-only, or guest package. Most attendees select a full package.

The full convention and expo package includes access to recorded workshop content online (synchronized audio with PowerPoint slides) and the option to download audio-only MP3 files. You may select one-day packages in any combination. One-day packages include specified events only; purchase tickets on page three to events not included in package. The one-day convention and expo packages include access to recorded content for sessions on the day of attendance. If you do not wish to receive access to recorded content as part of your convention and expo registration package, subtract the appropriate amount as indicated below.

**Team Discount** Register for one full convention and expo package and get 20% off subsequent full convention and expo, and one-day convention and expo packages for additional attendees from your company.

**Selected Events** Circle appropriate prices of the events you wish to purchase. Add your selections and enter sum as “selected events subtotal.”

**Certification Review Session and Exam** Full convention and expo packages include a complimentary certification review session. With any other package, circle the appropriate price if you wish to attend. Enter price as certification subtotal. If you plan to take the Certified Staffing Professional™ or Technical Services Certified™ exam at the convention, choose the exam by circling CSP or TSC and then write in the appropriate state. Note: Study and exam materials must be purchased separately.
