

Gain a Competitive Edge With Enhanced ASA Certification Programs

Beginning in May, the Certified Staffing Professional™ and Technical Services Certified™ programs will be the only staffing certification programs that include employment and labor law requirements for the state or states in which you do business, including the District of Columbia. And anyone who earns the TSC designation will automatically earn the CSP designation as well.

Give your clients another reason to choose your staffing firm—be one of the first in your state to get certified with the enhanced program materials. Fax or mail this form today to preorder your study materials and exam.

Your credit card will not be charged until the order is fulfilled.

Materials will be available in May. ASA will contact you at that time. Questions? Contact ASA at csp.tsc@americanstaffing.net or 703-253-2020. For more information on CSP and TSC, visit americanstaffing.net and click on Education & Certification.
