America's Staffing Companies Match Millions of People to Millions of Jobs Every Day

Temporary Staffing Average Daily Employment (Millions)

Source: American Staffing Association, Employment and Sales Survey

On an average day in 2010, U.S. staffing companies employed 2.58 million workers, according to the American Staffing Association's quarterly employment and sales survey.

Over the course of 2010, staffing firms hired an estimated 9.7 million temporary and contract employees.
